## SUMMARY

Self-motivated Web Developer with certificate in Full Stack Web Development from the University of Kansas. Collaborating and communicating with other developers to produce clean and interactive user-friendly applications. Consistently documenting material in order to provide clear communication with other developers. Continuously learning and adapting to new technologies to keep up with modern trends. Maintaining and updating applications throughout their life cycles. Strengths in HTML5, CSS3, Javascript, PHP, SQL, Git, JQuery, Node.js, REST APIs, and React.

## TECHNICAL SKILLS

**Technical Languages:** HTML5, CSS3, JavaScript ES6, Typescript, PHP, XML

**Frameworks & Tools:** Git, React, Node.js, Express.js, jQuery, Bootstrap, React-Bootstrap

**APIs:** Server-side APIs, RESTful APIs, GraphQL

**Databases:** MySQL, NoSQL (MongoDB), Sequelize, Mongoose

**Other:** Object-oriented programming, Redux, WordPress, Agile Methodology

## PROJECTS

### Tech Blog

<https://github.com/CECurtiss/TechBlogSite> | <https://cryptic-gorge-77238.herokuapp.com/>

- Developed social media site using handlebars in a Model-View-Controller structure. Enabled users to create posts, interact with other users' posts, and have other users comment on their posts.
- Leveraged JavaScript, HTML, Handlebars, MVC structure, Express, MySQL, and Sequelize
- Managed version control system(Git) for seamless updates.

### Parks & Weather App

<https://github.com/CECurtiss/parks-and-weather-app> | <https://cecurtiss.github.io/parks-and-weather-app/>

- Designed application for users to find parks during road trips. Implemented search function for parks located in a particular state, and provides information about that park, as well as weather information for the next few days in that location. This application uses server-side APIs and uses client-side local storage for persistent data.
- Enhanced functionality through JavaScript calls to Parks API and CSS styling.
- Test API calls and code to ensure proper functionality.
- Collaborated, communicated through Slack, & implemented website design and use of version-control to review and provide feedback to multiple developers working on different branches.

## Developer Portfolio

<https://github.com/CECurtiss/reactdeveloperprofile> | <https://cecurtiss.github.io/reactdeveloperprofile/>

- Created personal developer portfolio, including general information, personal projects, a downloadable resume, and a contact form.
- Skillset: React, React-Bootstrap, JavaScript, CSS

## EXPERIENCE

### Kaw Valley Kickball League

**March 2021-Present**

#### Board Member

Lawrence, KS

- Oversaw charity based community kickball league of 450-500 members.
- Collaborated with other board members to edit and update league website and create scheduling application for the league.
- Elected Commissioner in 2024. Distributed responsibilities to board members, handled league finances, scheduled meetings, organized vote-calling for rule changes and disciplinary measures.
- Raised money for preselected local organizations through league dues, charity events, and volunteer work.
- Collaborated with a small team that organizes a yearly charity auction, participated in group discussions about direction and event planning.

### Cork & Barrel Wine & Spirits

**August 2009- Present**

#### Assistant Manager/Beer Manager

Lawrence, KS

- Assistant Manager in 2016. Provided direction & correction of daily duties to employees, managed deposits and financials in QuickBooks.
- Beer Manager 2017- present. Ordered and managed inventory, coordinated with representatives, and scheduled sale events. This position is unsupervised and requires self-motivation to manage a large number of perishable products.
- Achieved Best Bottle Shop in Kansas(RateBeer) and Best Place to Buy Beer in Lawrence(Best of Lawrence awards).
- General IT work for software and hardware needed for operations.

### Bartz Fireworks

**July 2000-Present**

#### Tent Manager

Lawrence, KS

- Led inventory management, merchandising, sales and negotiating, and training before being assigned a tent to run in 2019.
- Attained profit growth of 10% in the last 2 years and the largest growth of three established tents in the last 5 years.
- Maintained 90% worker retention and conducted scheduling, hiring, additional training, bookkeeping, and coordination with fire and county officials.
